

# SEATED

## Fewer Empty Seats. Higher Profits. Zero Work for You.

Seated is the first tool that fills your restaurant's empty seats for you, increasing occupancy so you can grow your profits without doing anything differently.

### The Simplest Way to Attract More Customers to Your Restaurant

- No New Tech or Software
- No Extra Work for Your Staff
- No Upfront or Fixed Costs

Your current tech helps you manage your restaurant. Seated makes it profitable.

Tap into a network of 10M+ diners who use Seated to **discover local restaurants.**

**No integrations needed.** Seated works with your existing tech. Don't take reservations? Use Seated to drive more walk-ins too!

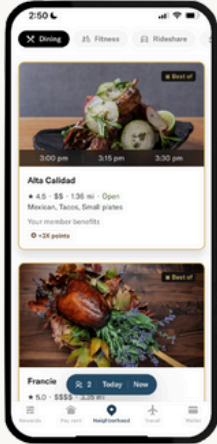

Get more customers in the door with no impact on operations – **and no discounting.**

# A Powerful New Customer Channel

The Seated Network provides you with exclusive access to high-spending diners.

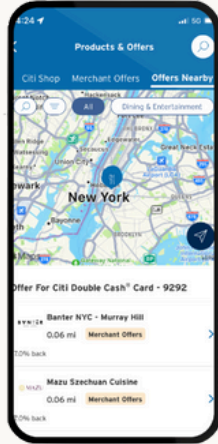

## Modern Fintech

BILT

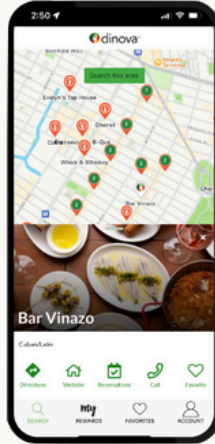

## National Cards

## Featured Partner

 **dinova**<sup>TM</sup>

Dinova's corporate diners drive...

- +50% higher check sizes
- +71% dining from out of town
- +86% dining midweek when other traffic is slower

# Join 2500+ restaurants using Seated to fill empty seats.

“We’re blown away by the huge new stream of high quality guests and corporate diners they’ve introduced to L’ADRESSE with absolutely zero impact on day-to-day operations.”

Natalia Tsyganova, Director of Operations

“We have seen a high caliber of clients coming in through Seated and it helps !!! the times when the restaurant is otherwise a bit quieter.”

Rebecca Levine, Events Director
